## EDUCATION

### University of Warwick

*Master's in engineering: Electrical and Electronic Engineering*

Coventry, UK

2023 – 2026

- Average Grade: First Class

### Christ's College Finchley

*Secondary Education*

London, UK

2018 – 2025

- A-Levels: Mathematics (A), Further Mathematics (A), Physics (A), EPQ (A\*)
- GCSE's: 9999999998  
including grade 9s in Mathematics and Physics
- Activities: Prefect (23-25), Football 1<sup>st</sup> Team

## WORK EXPERIENCE

### ARM

*Electronics work experience*

Cambridge, UK

Jun 2024

- Designed and embedded event-driven control logic using MakeCode
- Learned the use of loops, conditionals and timers and how to apply them into real word problems
- Designed and constructed a 3D satellite systems model from raw materials
- Presented technical concepts clearly to a mixed-ability audience, responding to questions and feedback

### Barclays

*Job shadowing experience*

London, UK

Apr 2024

- Attended a weeklong work experience shadowing the head of the data enabler team at Barclays bank
- Learned how large companies use their costumer's data to improve their product
- Learned about workplace conduct and etiquette, as well as professional communication in terms of attending meetings

## EXTRACURRICULAR ACTIVITIES

### Built a Remote-Control car

*Passion project*

London, UK

Apr 2025 – Aug 2025

- Received funding after submitting an idea of a group project to build an RC car from scratch
- Built the entire circuitry of the RC car using components such as motors, batteries and wiring, gaining experience of how circuits are built in the real world
- Learned the importance of teamwork and being self-aware when it comes to group projects
- Received a Mark-Everson Gold award

### Built a Self-Balancing Robot

*University project*

Coventry, UK

June 2026– July 2026

- Applied previously taught MATLAB and Simulink skills to program an Arduino to receive and input signals from an embedded potentiometer to correct its own tilt to stay upright.
- Learned the importance allocating team roles and communicating through professional chat sources like Microsoft teams

## SKILLS & INTERESTS

*Languages:*

English (Fluent), Malayalam (Native), Spanish (Working Proficiency)

*Technical Skills:*

Python, MATLAB, Simulink, Excel

*Certifications:*

2x Gold in Senior Maths Challenge, Python Virtual Course, Cambridge technical poster design competition

*Interests:*

Football, Electrical Design Projects
